Hello Mr. Benson,

I have attached a proposal for Harvey App. No. 08/448644. The proposal indicates some of the independent claims being allowable in their present state while others are considered to have applicable prior art that I have listed. I have included proposed amendments for these particular independent claims that I feel overcome the applicable prior art. I have also indicated some minor informalities in the claims that I noticed throughout my review. When you get a chance, please look over the proposal and feel free to contact me by phone or email if you would like to discuss anything further. I look forward to your response. Thanks.
